THE SPIRIT OF CRICKET

THE PREAMBLE — THE SPIRIT OF CRICKET

Cricket owes much of its appeal and enjoyment to the fact that it should be played not only according to the laws, but also within the Spirit of Cricket.

The major responsibility for ensuring fair play rests with the captains, but extends to all players, umpires and, especially in junior cricket, teachers, coaches and parents.

Respect is central to the Spirit of Cricket.

Respect your team-mates, opponents and the authority of the umpires.

Play hard and play fair.

Accept the umpire's decision.

Create a positive atmosphere by your own conduct, and encourage others to do likewise.

Show self-discipline, even when things go against you.

Congratulate the opposition on their successes, and enjoy those of your own team.

Thank the officials and your opposition at the end of the match, whatever the result.

Cricket is an exciting game that encourages leadership, friendship and teamwork, which brings together people from different nationalities, cultures and religions, especially when played within the Spirit of Cricket.

COUNTRY CRICKET POLICIES and PROCEDURES

1. ALCOHOL POLICY

All under age Country Cricket Carnivals ie McDonald's Country Colts (Under 19), McDonald's Female Under 16 and Under 19 Country Championships and the Bradman Cup (Under 16) are alcohol free events.

This means that alcohol is not to be consumed by adults during travel to and from matches, at matches, or in accommodation in front of under age players. Any infringement of this policy will be dealt with immediately by the Carnival Coordinator. Further, all players of legal age are also prohibited from consuming alcohol in the presence of minors at any time during these events.

As well, all teams must be aware of and comply with local authorities regulations which may prohibit the consumption of alcohol at any sporting ground.

2. PITCH COVERS POLICY

The following conditions are set down for the use of covers.

- a) The covers shall be a minimum of 30 metres by 10 metres.
- b) The use of an underlay material shall be optional excepting the use shall be the same in the period prior to each day of a match or carnival.
- c) That the covers must be laid by dusk on the evening of any day prior to a match day.
- d) That on any match-day the covers is to be removed at the discretion of the Curator or Ground Manager with regards to prevailing weather conditions. In good weather conditions the covers should be removed no later than 8:30am. The covers may be re-laid on the morning of any playing day should weather conditions necessitate.
- e) That with the exceptions of Clauses (c) and (d) above at all other times the Curator be permitted to use the covers at their discretion in order to obtain the best possible conditions of play for each match-day.
- f) Covers shall be used for all representative matches.
- g) The Umpires shall assume sole control thirty minutes prior to the scheduled starting time for play and make all decisions regarding the use of covers after this time.
- h) After play has commenced the covers may be used as directed by the Umpires. Should the Umpires decide that the covers be used during the course of the match then it will be the responsibility of both competing teams to assist with any labour required. Until the scheduled time for the start of play the Host Authority shall be responsible for providing any labour necessary for the laying or removal of the covers.

3. CLOTHING (COLOURED), EQUIPMENT, FOOTWEAR POLICY

All teams participating in Country Cricket programs must wear clothing as specified by the Country Committee of Management. Clothing must be approved prior to playing by the Country Committee of Management. In all white ball cricket, batting pads **must** be covered in coloured batting clads, or as determined by the Country Committee of Management.

COUNTRY CRICKET POLICIES and PROCEDURES

Zone and sponsors logos may be displayed on the front of the playing shirts up to 100sq cm in area respectively or on the sleeves of the playing shirts. Zone sponsors must not conflict with Cricket NSW sponsors and advice must be sought from the Country Committee of Management if unsure. Players are only permitted to wear the cap of the Zone they are representing, or alternatively, a white cricket hat.

Attention is drawn to the requirements of some ground authorities that do not permit the use of non-spiked footwear on turf wickets. Visiting teams are advised to contact Host Authorities to ascertain footwear restrictions.

4. HELMET POLICY

Under Age Competitions

4.1 The Batter, Wicket Keeper and the Fielder

The wearing of helmets with a fitted grille whilst batting, keeping over the stumps or fielding within 10 metres of pitch in all under age competitions (Bradman Cup, McDonald's Country Colts, McDonald's Under 16 and Under 19 Female Country Championships) is compulsory. The helmet is defined as a British Standard (BS7928:2013) helmet.

It is not the umpires role to determine if the helmet conforms to British Standards.

Open Age Competitions

4.2 The Batter

5. APPOINTMENT OF UMPIRES

COUNTRY CRICKET POLICIES and PROCEDURES

6. MATCH REFEREE

NSWCUSA in consultation with the Country Committee of Management shall appoint a Match Referee for all Country Cricket NSW competitions.

At the completion of play on each day of the respective Carnival, the Referee will consider any reports lodged for alleged breaches of the NSWCA Code of Behaviour, outlined in section 5 of the Cricket NSW By Laws. The Referee may suspend the reported person/s if in their opinion the nature of the alleged breach of the Code of Conduct contained in the report warrants such action.

For any finals of a Carnival, the Referee will meet with the Umpires and Captains, prior to the commencement of the match, to secure uniform interpretation of all playing conditions, and to adjudicate, if necessary, should there be any dispute.

The Referee will adjudicate on any dispute that may arise in the Final Match to determine the winner of the respective Carnival. In doing so the Referee shall consult with the Umpires concerned, as well as the Head of Premier Cricket and Country Cricket. The Referee's decision will be final and communicated to the teams involved as soon as possible.

The Referee shall report details of all such disputes, including issues relating to disputed scores, and the Referee's rulings to the Head of Premier Cricket and Country Cricket within 72 hours of the conclusion of the match concerned.

Note: The following guidelines have been prepared to assist Match Referees in the performance of their duties:

- a) To ensure uniform interpretation of the playing conditions by holding (or being available to hold) pre-match meetings between captains, umpires and managers.
- b) To participate, in conjunction with the umpires, in calculating or re-calculating, in accordance with the playing conditions, the reduced number of overs to be bowled where commencement of play has been delayed, or play has been interrupted by weather or other conditions.
- c) To adjudicate with the umpires on any other matters which may arise which, under the laws of cricket and the playing conditions, are not the exclusive preserve of the umpires.

A bowler who has bowled a spell of less than the maximum spell permitted for their age (defined in (a) above) may resume bowling prior to the completion of the necessary break, but this will be considered an extension of the same spell and the maximum spell limit for that age of player shall still apply.

Change of Bowling Type

Where a bowler changes between medium pace (or faster) and spin/slow bowling during an innings-

- if the bowler begins with medium pace (or faster), the bowler is subject to the Playing Condition throughout the day; and
- if the bowler begins with spin/slow bowling and changes to medium pace(or faster), the Playing Condition applies from the time of the change, and all overs of spin/slow bowling bowled prior to the change shall not be taken into account in either the current spell or the innings limit.

AUSTRALIA'S FUTURE HEROES

1 INTRODUCTION

Law 21 (No Ball) states in part as follows:

Law 21.2 Fair delivery – the arm

For a delivery to be fair in respect of the arm the ball must not be thrown. See 3 below.

Although it is the primary responsibility of the striker's end umpire to ensure the fairness of a delivery in this respect, there is nothing in this Law to prevent the bowler's end umpire from calling and signalling No ball if the umpire considers that the ball has been thrown.

- a) If, in the opinion of either umpire, the ball has been thrown, the umpire shall call and signal No ball and, when the ball is dead, inform the other umpire of the reason for the call.

The bowler's end umpire shall then,

- (i) Caution the bowler. This caution shall apply throughout the innings.
- (ii) Inform the captain of the fielding side of the reason for this action.
- (iii) Inform the batters at the wicket of what has occurred.

- b) If, after such caution, either umpire considers that, in that innings, a further delivery by the same bowler is thrown, the procedure set out in (a) above shall be repeated, indicating to the bowler that this is a final warning.

This warning shall also apply throughout the innings.

- c) If either umpire considers that, in that innings, a further delivery by the same bowler is thrown, the umpire shall call and signal No ball and when the ball is dead inform the other umpire of the reason for the call.

The bowler's end umpire shall then,

- (i) Direct the captain of the fielding side to suspend the bowler forthwith. The over shall, if applicable, be completed by another bowler, who shall neither have bowled the previous over or part thereof nor be allowed to bowl any part of the next over.

The bowler thus suspended shall not bowl again in that innings.

- (ii) Inform the batters at the wicket and, as soon as practicable, the captain of the batting side of the occurrence.

- d) The umpires together shall report the occurrence as soon as possible after the match to a representative of the fielding side and to any Governing

DOUBTFUL BOWLING ACTION POLICY

Body responsible for the match, who shall take such action as is considered appropriate against the captain and the bowler concerned.

Law 21 Definition of fair delivery – the arm

A ball is fairly delivered in respect of the arm if, once the bowler's arm has reached the level of the shoulder in the delivery swing, the elbow joint is not straightened partially or, completely from that point until the ball has left the hand. This definition shall not prevent a bowler from flexing or rotating the wrist in the delivery swing.

The International Cricket Council and Cricket Australia have procedures relating to the above Law's application. It is appropriate that the Country Cricket NSW also develops, promotes and applies a procedure for application in its own competitions. Such a procedure should be in the best interests of both the player, and the competition as a whole.

2 OBJECTIVES

- a) To ensure that every bowler playing in a CCNSW competition has a delivery action that complies with Law 21.
- b) To assist any bowler with an "illegal" action to comply with Law 21.

3 APPLICATION

This procedure shall automatically apply in the event that as follows:

- a) A CCNSW-appointed umpire formally "reports" to the Country Cricket NSW a player who has bowled what the umpire considers to be a clearly "illegal" delivery in breach of Law 21, two times during the same innings; and/or
- b) Two different Country Cricket NSW appointed umpires, during at least two different matches during any 12-month period, each formally "mention" to the Country Cricket NSW a player who has bowled what each umpire considers to be one "illegal" or "doubtful" delivery during a match.

In forming an opinion as to whether a bowler's delivery is clearly "illegal", or is "doubtful", an umpire shall be guided by Law 21.

Country Cricket NSW particularly notes that under the provisions of Law 21, an umpire must call and signal "no ball" for each delivery that, in the umpire's opinion, a bowler has delivered "illegally."

4 REVIEW PROCESS

4.1 Report to Country Cricket NSW

- a) Following a match, an umpire shall formally "report" or "mention" to the Country Cricket NSW any "illegal" or "doubtful" delivery by a bowler. The umpire shall provide as much written information as possible regarding the timing, circumstances and nature of any such delivery.
- b) An umpire must advise the player's Zone, as Law 21 requires.
- c) The Country Cricket NSW shall immediately provide the player's Zone with a copy of each such "report" or "mention".

DOUBTFUL BOWLING ACTION POLICY

- d) Upon the Country Cricket NSW receipt of one “report” or two “mentions”, that player shall not bowl again in an Country Cricket NSW competition match, for a period of one month.
- e) Following that one-month period, a player may re-commence bowling in Country Cricket NSW matches until such time as the player has accumulated another “report” or a further two “mentions.”
- f) Upon the Country Cricket NSW receipt of a second “report” or a further two “mentions”, that player shall not bowl again in an Country Cricket NSW competition match, for a period of three months.
- g) Following that three-month period, a player may re-commence bowling in Country Cricket NSW matches until such time as the player has accumulated another “report” or a further two “mentions.”
- h) Upon the Country Cricket NSW receipt of a third “report” or a further two “mentions”, that player shall not bowl again in an Country Cricket NSW competition match, for a period of 12 months.

4.2 Notes to Process

- a) Law 21 makes officiating umpires solely responsible, on a delivery-by-delivery basis, for the determination of each individual delivery’s fairness during a match.
- b) Accordingly, there is no limit on the number of times that an umpire may provide the Country Cricket NSW with a “report” or “mention” for the same player, or on the number of times that an umpire may “no-ball” the same bowler during a match, except as limited by Law 21.
- c) Neither the Country Cricket NSW nor any other person or body can certify that a player has a permanently “fair” bowling action, on the basis of an assessment of a bowler’s delivery action.
- d) Country Cricket NSW cannot undertake biomechanical analysis of a bowler’s delivery action, such as the ICC or CA would undertake in corresponding circumstances.
- e) By continuing to bowl with an “illegal” action”, a player delays the process of rendering that action “fair”, and thereby satisfying the provisions of Law 21.
- f) Accordingly, the Country Cricket NSW strongly encourages a player’s club, during any period in which that player is not permitted to bowl, to assist the player by all means possible to develop a delivery action that is more likely to, in the opinion of umpires, comply with the provisions of Law 21.
- g) The Country Cricket NSW will prepare, and regularly update, a register of “reports” and “mentions” of bowlers arising from Law 21. The CCNSW will provide the NSWCUA with a copy of that updated register, following each such update.
- h) A player has no right of appeal to any course of action by an umpire or the Country Cricket NSW relating to this procedure, other than on a point of law.

HEAT STRESS RISK INDEX

PREAMBLE

This policy aims to make similar decisions in the future more objective and automatic for the benefit of players, umpires and administrators.

It is recognised that Country Cricket programs matches are not resourced with medical and emergency support to the extent of First Class matches and therefore it may be unsafe to continue play during conditions of extreme heat.

APPLICATION

This Policy shall immediately apply to all Country Cricket programs matches for this season and ongoing seasons including:

- McDonald Female Country Championships (Under 16 and Under 19)
- McDonald's Country Championships (male)
- McDonald's Country Colts
- Bradman Cup
- Plan B Country Bash (male and female)
- NSW Youth Championships
- State Challenges

HEAT STRESS RISK INDEX

Country Cricket NSW will use the Heat Stress Risk Index (HSRI) app for all matches. This can be downloaded to a mobile phone by the following link:

<https://cnsw.ludisanalytics.com/>

This app measures the variables that have been entered at the current location including:

- Temperature
- Humidity
- Wind speed
- Cloud cover

Once the data is entered, the app will provide a sliding scale as per below and give directions on next actions:

HSRI rating 0 to 3 inclusive

- Conditions not extreme: manage heat as usual (drinks, wear hats, long sleeve shirts, apply sunscreen etc).

HSRI rating 4 to 7 inclusive

- Consult with captains to consider increasing the number and duration of drinks intervals and allow players and umpires to leave the field of play during drinks intervals.
- (b) Consider extending the duration of lunch and/or afternoon tea intervals by 5 minutes.
- (c) Once HSRI is greater than 5; be extra vigilant in monitoring participants that exhibit signs of heat stress illness such as muscle cramping, dizziness, excessive fatigue etc.

HEAT STRESS RISK INDEX

HSRI rating 8 to 10 inclusive

- Have longer drinks breaks to allow players to come off the field to cool down and rehydrate (e.g., 10 to 20 minutes instead of 5 minutes or 40 to 50 minutes followed by 10 minute breaks).
- (b) Flexibility to increase time span of drinks lies with the umpires.
- (c) Flexibility to take more frequent drinks breaks lies with the umpires.

HSRI rating is 11 or above

- Play will cease immediately. Play shall only resume if the HSRI has improved to 10 or less. Where applicable, refer to local competition playing conditions. Umpires retain the sole discretion to suspend play, or not allow play to start or to recommence if they consider conditions dangerous or unreasonable.

Carnival Matches

The Carnival Manager in consultation with the Match Referee may extend playing hours or rearrange match times and match formats to maximise the opportunity of play. If the BOM forecast indicates that there is no likelihood of a drop in temperature play shall be abandoned for the day.

PLAYER HEALTH AND WELFARE

Notwithstanding above, the umpires shall have the sole discretion to abandon play if they consider that, to continue play during prolonged or excessive heat, would be dangerous to the health and welfare of any, or all, of the participants.

LOSS OF PLAYING TIME (DUE TO EXTREME HEAT)

Playing hours may be reviewed to allow additional "make up" time. This will be determined in consultation with the Match Referee and Country Cricket NSW.

ADVANCE CANCELLATION OF AN ENTIRE DAY'S PLAY

Country Cricket NSW may determine to cancel a day's play in the event that the forecast temperature, at 4:00pm on the day before scheduled play, is 42 degrees or more.

AMENDMENT TO PLAYING TIME

By monitoring 7-day temperature forecasts and seeking to maximise opportunities for play during times of extreme heat, Country Cricket NSW may determine to instruct teams to commence play at a cooler time of day, for example 8.30am.

Country Cricket NSW will seek to provide competing Zones with ample advance notice that an amendment to playing time may be imminent.

All participants in every match are to strive to maximise opportunities to play.

INCREASED DRINKS BREAKS, EXTENDED INTERVALS AND CESSATION OF PLAY

Forecast temperature exceeding 37 degrees

Prior to the start of play on any match day, the Match Referee along with the umpires and captains shall conduct a heat safety briefing to determine increasing the number and duration of drinks intervals.

GAME 1 - LIMITED OVERS MATCHES - 50 OVERS A SIDE

Except as varied hereunder, the MCC Laws of Cricket 2017 Code – 3rd edition 2022 shall apply. Note, all references to the "Governing Body" within the Laws of Cricket shall be replaced with the "Match Referee" (where available).

LAW 1 - THE PLAYERS

Law 1 shall apply subject to the following:

1.1 A team shall consist of 13 players. Only 11 players are allowed to field whilst the opposition team is batting. Two players in each team shall not be permitted to bat. These players do not need to be nominated prior to the commencement of the match. If required, all 13 players can bowl. Fielders within the nominated 13 may rotate without any restrictions. Further, no restrictions shall apply to when a player can bat if they were off the field for any period of time prior to the completion of the first innings. **In the event of a player entering the field as a 14th player (sub fielder) the player leaving the field immediately is restricted as per the Laws of the Game (Refer MCC Laws 24.2 and 24.3).**

Players not on the field must wear coloured vests at all times.

1.2 McDonald's Country Championships - Player Eligibility "Zone of Origin Players"

A player's Zone of Origin is determined where the player has played their Under 16 age cricket. Zone of Origin players can choose which Zone they would rather play with in the first instance. Any decision by a player would need to be approved by the Committee of Management which allows players to allow the choice of Zone they wish to play for by no later than 14 days prior to the competition. A limit of two Zone of Origin players can be selected.

Premier Cricket/Guest/Marquee Players

Players who have who have their primary registration in State and Territory Premier Cricket competitions in the current season are ineligible for selection in Zone sides in the McDonald's Country Championships. For clarity, matches played by Premier cricket players in regional Twenty20 competitions as a marquee player do not count towards eligibility.

Further, if a player's primary registration is in one Zone (i.e. their week to week cricket), participation as a guest/marquee player in regional competitions (Twenty20/One Day matches) in another Zone does not count towards eligibility as a player for selection in that Zone's McDonald's Country Championships side.

1.3 McDonald's Country Championships – Age Restrictions

Each Zone must select a minimum of two players aged Under 23 at the 31st August of the season in question in their sides for the McDonald's Country Championships.

For a player to represent their Zone of Origin they must first seek the prior approval of the Country Committee of Management.

1.5 Bradman Cup – Player Eligibility

Players participating in the Bradman Cup competition must be under the age of 16 at the 31st August of the year in question

Bradman Cup Zone sides may be selected from players who are currently playing in their home country Zone or have participated in the CNSW Country Youth Championships and/or Bradman Cup for their Zone previously. A player that has moved outside of their home Country Zone as a registered player, may elect to be available for selection for their Zone of Origin and their Zone of Origin will have first opportunity to select that player. **If a player has chosen to play in a Premier Cricket competition for the entire season, they are ineligible for selection in a Zones Bradman Cup side.**

For a player to represent their Zone of Origin they must first seek the prior approval of the Country Committee of Management.

A player who is given approval to register and play with the team in the Bradman Cup representing a Zone in which they are not a registered player, may only do so for that season, and may not register and play with any other team in that competition in that season.

Any player breaching the above is considered an ineligible player, and the team for which they have played for in the Bradman Cup will be deemed to have lost all matches in which they have played.

1.6 Bradman Cup/Country Youth Championships – AW Green Shield

A country player may play in both the Bradman Cup/Country Youth Championships and the AW Green Shield competition, in any one season, subject to any prescribed workload management conditions or Bradman Cup/Country Youth Championships commitments. *Bradman Cup/Country Youth Championships team activities will always take priority over AW Green Shield team activities.*

1.7 Country Registrations

For any player to be eligible to play in any Country Cricket NSW competition they must have a primary registration (see 1.8) with a Country Club or Association and have played at least 1 competition match within their respective Zone, unless otherwise specified in clauses 1.2 through to 1.6. Exemptions can be sought on application to the Country Committee of Management.

GAME 1 - LIMITED OVERS MATCHES - 50 OVERS A SIDE

1.8 Primary Registration of a Player

The primary registration of a player is where they play their "regular weekend cricket" i.e. Saturday to Saturday or Sunday to Sunday.

1.9 Zero Alcohol Policy – McDonalds Country Colts, Bradman Cup, McDonalds Under 16 and Under 19 Female Country Championships

The McDonalds Country Colts, Bradman Cup, McDonalds Under 16 and Under 19 Female Country Championships are alcohol free events. This means that alcohol is not to be consumed by adults during travel to and from matches, at matches, or in accommodation in view or near under age players. Any infringement of this policy will be dealt with immediately by the Cricket NSW.

LAW 2 – THE UMPIRES

Law 2 shall apply subject to the following:

11.1 The change of innings interval is 40 minutes, computed from the end of the innings of the team batting first.

11.2 Where the innings of the team batting first ends in 25 overs or less, the length of the interval is reduced to 15 minutes. The game is then played to completion with no further intervals other than drinks breaks.

11.3 Drinks Breaks

- a) Two drinks intervals per innings shall be permitted with the first at the end of 17 overs and the second at the end of 34 overs.
- b) If an innings is reduced to a total of 41 to 49 overs in duration the timing of each drinks break shall be pro-rated so that the number of overs between each break is as close to even as possible.
- c) Where an innings is reduced to 40 overs or less only one drinks break shall be taken at the halfway point of the innings notwithstanding that no drinks break shall be scheduled at all if the match is reduced to less than 25 overs.

- e) Under conditions of extreme heat the umpires may permit extra intervals for drinks.
- f) An individual player may be given a drink either on the boundary edge or at the fall of a wicket, on the field, provided that no playing time is wasted. No other drinks shall be taken onto the field without the permission of the Umpires. Any player taking drinks onto the field shall be dressed in appropriate cricket attire, as well as a coloured vest.

GAME 1 - LIMITED OVERS MATCHES - 50 OVERS A SIDE

LAW 12 START OF PLAY CESSATION OF PLAY

12.1 Hours of play (day matches)

1st Session	10.00am to 1.30pm
Innings Interval	1.30pm to 2.10pm
2nd Session	2.10pm to 5.40pm

12.2 Where approved, Day/Night matches will consist of 2 sessions of play, each of 210 minutes duration, with intervals equal to those set for day matches. Actual playing times shall be approved by the Country Committee of Management.

12.3 Country Committee of Management reserves the right to amend the start and finish times, **structure and format of all matches.**

12.4 Extra time

(a) A total of 80 minutes of extra time is available where the start of play is delayed or play is suspended. Extra time is to be exhausted before any reduction to the interval or prescribed overs.

(b) Using Recouped Time - Further to clause (a), should the innings of the team batting first have been completed prior to the scheduled, or re-scheduled time for the commencement of the change of innings interval, then any time not utilised in the first innings shall be added on top of the 80 minutes described above before overs are reduced.

12.5 Once the 80 minutes of make up time and recouped time is exhausted as per clause 12.4 and where an additional 61 minutes or more of playing time is lost during the innings of the team batting first, the length of the interval is reduced as follows:

Actual Playing Time Lost	Interval
61 – 120 minutes	30 minutes
121 – 149 minutes	20 minutes
150 minutes or more	10 minutes

LAW 13 INNINGS

Law 13 shall apply subject to the following:

13.1 Uninterrupted match

a) Each team shall bat for 50 (six-ball) overs unless all out earlier.

b) If the team fielding first fails to bowl the required number of overs by the scheduled time for cessation of the session (210 minutes), play shall continue until the required number of overs has been bowled.

GAME 1 - LIMITED OVERS MATCHES - 50 OVERS A SIDE

- c) Where the first innings goes over 210 minutes in duration the 40 minute innings break shall be reduced to no less than 25 minutes to absorb some or all of the extra time taken in the first innings to complete the overs.
- d) If the team fielding second fails to bowl its quota of overs in less than 210 minutes play shall continue until the overs are bowled or a result has been achieved, whichever comes first.
- e) There are no over rate penalties in these competitions. Teams unable to maintain the required over rate of one over each 4.2 minutes shall be managed by the umpires utilising the provisions of Law 41.9 (Time Wasting).

13.2 Delayed or interrupted matches

- a) The object shall always be to rearrange the number of overs so that both teams have the opportunity of batting for the same number of overs. (Minimum 15 overs each team to constitute a match)

The calculation of the number of overs to be bowled shall be based on an average rate of 14.28 overs per hour (or one over for each whole 4.2 minutes) in the total time available for play.

- b) If the team fielding second fails to bowl the required numbers of overs by the scheduled or re-scheduled cessation time, the hours of play shall be extended until the overs have been bowled or a result achieved, whichever comes first.
- c) The team batting second shall not bat for a greater number of overs than the first team unless the latter has been all out in less than the agreed number of overs.
- d) If an over recalculation comes up with a figure including a fraction then the calculation shall be rounded up to the nearest over.

13.3 Delay or Interruption to the Game – Over Reductions

- a) No overs shall be lost until 80 minutes of playing time has been lost (Refer To Playing Condition 12.4). Further to this, should the innings of the team batting first have been completed prior to the scheduled, or re-scheduled time for the commencement of the change of innings interval, then any time not utilised in the first innings shall be added on top of the 80 minutes described above before overs are reduced.
- b) Once all available make up time as described in clause (a) above has been exhausted overs remaining in the match shall be calculated as follows –
 - i) Upon resumption of play umpires in consultation with the Match Referee are to establish the re-scheduled finish time and calculate the number of minutes remaining to that time also deducting the appropriate time for the change of innings if the team batting first has not yet completed its innings.

GAME 1 - LIMITED OVERS MATCHES - 50 OVERS A SIDE

- ii) Using the total number of playing minutes that remain to the re-scheduled finish time that number shall be divided by 4.2 to come up with the maximum number of overs that remain in the game.
 - iii) Where the team batting first has not completed its innings, the number of overs that remain shall be proportioned between the two teams so that both teams are allocated equal overs. The addition of one extra over to make the number equal is permitted.
- c) To constitute a match, a minimum of 15 overs have to be bowled to the team batting second subject to a result not being achieved earlier.
- d) The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs.

13.4 Number of overs per bowler

No bowler shall bowl more than 10 overs in an innings. In a delayed or interrupted match where the overs are reduced for both teams or for the team bowling second, no bowler may bowl more than one-fifth of the total overs allowed. Where the total number of overs is not divisible by 5, one additional over shall be allowed to the maximum number per bowler necessary to make up the balance. In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be bowled by another bowler. Such part of an over will count as a full over in so far as each bowler's limit is concerned.

13.5 Restrictions on youth bowlers

Number of Overs in a Spell and a Day

No medium pace or faster style bowler shall be permitted to bowl more than the number of overs in a spell, and number of overs in an innings as set out below:

The umpires shall determine if the bowling is fast or medium pace.

Length of Spells

AGE AT 31 AUGUST	MAXIMUM OVERS IN A SPELL	MAXIMUM OVERS IN A DAY'S PLAY
Under 19	8	20
Under 18	7	20
Under 17	6	16
Under 16	6	16
Under 15	5	12
Under 14	5	10
Under 13	4	8

Note: These restrictions DO NOT apply to spin/slow bowling, subject to the conditions outlined below

GAME 1 - LIMITED OVERS MATCHES - 50 OVERS A SIDE

REST PERIODS

The break between spells is to be a minimum of 30 minutes (including any interruptions to play).

A bowler who has bowled a spell of less than the maximum spell permitted for their age noted in the table above may resume bowling prior to the completion of the necessary break, but this will be considered an extension of the same spell and the maximum spell limit for that age of player shall still apply.

Change of Bowling Type

Where a bowler changes between medium pace or faster and spin/slow bowling during an innings-

- a) if the bowler begins with medium pace or faster, the bowler is subject to the Playing Condition throughout the day; and
- b) if the bowler begins with spin/slow bowling and changes to medium pace(or faster), the Playing Condition applies from the time of the change, and all overs of spin/slow bowling bowled prior to the change shall not be taken into account in either the current spell or the innings limit.

Bowling Workloads in Multi Day Carnivals for Medium Pace or Faster Style Bowlers

Four Day Carnivals

- Bowlers can bowl up to 10 overs a day on three (3) days of a four (4) day carnival.
- A bowler is not to bowl on three (3) consecutive days i.e. they MUST have a rest day.
- A bowling day is considered to be more than two overs in a day.

Examples of this may be:

- Bowl 10 overs a day on days 1, 2 and 4.
- Bowl 10 overs a day on days 1, 3 and 4.

LAW 14 THE FOLLOW ON

Law 14 shall not apply.

LAW 15 DECLARATION and FORFEITURE

Law 15 shall not apply.

LAW 16 THE RESULT

Law 16 shall apply subject to the following:

16.1 Determination of Winner

A result can be achieved only if both teams have had the opportunity of batting for at least 15 overs (preliminary matches), subject to the provisions of clause 13, unless one team has been dismissed in less than 15 overs or unless the team batting second scores enough runs to win in less than 15 overs. A match shall be a "draw" if both teams have not had the opportunity to bat for a minimum of 15 overs because:

GAME 1 - LIMITED OVERS MATCHES - 50 OVERS A SIDE

- a) The innings of the team batting first could not commence by 4.44pm daylight saving time.
- b) The innings of the team batting second could not commence by 5.57pm daylight saving time or,
- c) The innings of the team batting second would be reduced to less than 15 overs, as a result of an interruption to play after its commencement.

In any match in which both teams have had the opportunity to bat for the same number of overs.

- d) The team scoring the higher number of runs is the winner.
- e) In any match in which both teams have had the opportunity to bat for a minimum of 15 overs, but have not had the opportunity to bat for the same number of overs, the result shall be determined by the Duckworth/Lewis/Stern (DLS) method.

16.2 Target Score

If, due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum of 15 overs), then a revised target score (to win) should be set for the number of overs which the team batting second will have the opportunity of facing. This revised target is to be calculated using the current DLS method. The target set will always be a whole number and one run less will constitute a Tie.

If the innings of the side batting second is suspended (with at least 15 overs) and it is not possible for the match to be resumed, the match will be decided by comparison with the DLS 'Par Score' determined at the instant of the suspension by the DLS method. If the score is equal to the par score, the match is a Tie. Otherwise the result is a win or loss by the margin of runs by which the score exceeds, or falls short of, the Par Score.

16.3 Competition Points

Points shall be awarded for results gained, as follows-

Result	Points
Win	6
Win with a run-rate one and two thirds ($1\frac{2}{3}$) times that of opposing team.	7
Tie	3
Draw or no result	1
Loss	0

The result of a match may be a tie on first innings regardless of the number of wickets lost by the team batting second.

- a) In order for the team batting first to gain one bonus point, it must achieve victory with a run-rate one and two thirds times that of the opposition.

GAME 1 - LIMITED OVERS MATCHES - 50 OVERS A SIDE

- b) In order for the team batting second to gain one bonus point, the victory must be achieved by the end of the 30th over (or in a reduced overs match, it must bat for no more than 60% of its maximum number of overs).
- c) Where matches are shortened and targets revised through the DLS method, bonus run-rates and bonus defensive targets are derived as a function of the revised target score and maximum overs.

16.4 Determining the Competition Winner - McDonald's Country Colts and Bradman Cup

At the conclusion of the competition rounds, the winner will be determined by the side that has accumulated the most competition points. Where teams are tied on the same amount of points at the end of the competition, the competition winner will be determined by:

- a) The team with the most number of wins, or if this is equal,
- b) With the best overall net run rate across all matches played.

16.5 McDonald's Country Championships Final

The leading teams at the end of the respective pool matches will contest the McDonald's Country Championships final. In the event the final, or the reserve day is washed out or no result is achieved for any other reason, joint winners will be declared.

LAW 17 THE OVER

Law 17 shall apply.

LAW 18 SCORING RUNS

Law 18 shall apply.

LAW 19 BOUNDARIES

Law 19 shall apply subject to the following

19.1 Minimum Boundary Size

The minimum boundary size for all matches shall be 50 metres

19.2 Maximum Boundary Size

The maximum boundary size for all matches shall be 70 metres for male matches and 60 metres for female matches.

19.3 Setting of Boundaries

Boundaries where possible should be positioned closer to the maximum distance rather than the minimum distance as defined above.

19.4 Setting of Boundaries – Safety Protocols

As a safety measure, all venues that are defined with a boundary fence shall have a boundary line, or boundary flags/cones/witches hats positioned at least 2.74 metres inside the fence or away from any other fixed object to define the boundary e.g. sightscreens on the field.

GAME 1 - LIMITED OVERS MATCHES - 50 OVERS A SIDE

LAW 20 DEAD BALL

Law 20 shall apply.

LAW 21 NO BALL

Law 21 shall apply subject to the following:

21.1 Free hit after a No ball

The delivery following any No ball shall be a free hit for whichever batter is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of No ball or a Wide ball) then the next delivery will become a free hit for whichever batter is facing it.

For any free hit, the striker can be dismissed only under the circumstances that apply for a No ball, even if the delivery for the free hit is called Wide ball.

Field changes are not permitted for free hit deliveries unless:

- a) There is a change of striker (the provisions of clause 28 shall apply), or
- b) The No ball was the result of a fielding restriction breach, in which case the field may be changed only to the extent of correcting the breach.

For clarity, the bowler can change their mode of delivery for the free hit delivery.

The bowler's end umpire will signal a free hit by (after the normal No Ball signal) extending one arm straight upwards and moving it in a circular motion.

21.2 Ball Bouncing Over Head Height of Striker

(Shall not apply).

LAW 22 WIDE BALL

Law 22 shall apply subject to the following:

22.1 Judging a Wide

22.1.1 If the bowler bowls a ball, not being a No ball, the umpire shall adjudge it a Wide if, according to the definitions in 22.1.2:

22.1.1.1 the ball passes wide of where the striker is standing or has stood at any point after the ball came into play for that delivery, and which also would have passed wide of the striker standing in a normal batting position.

22.1.1.2 the ball passes above the head height of the striker standing upright at the popping crease.

22.1.2 The ball will be considered as passing wide of the striker unless it is sufficiently within reach for the striker to be able to hit it with the bat by means of a normal cricket stroke.

GAME 1 - LIMITED OVERS MATCHES - 50 OVERS A SIDE

22.1.3 A delivery passing the striker on the off side outside the Off Side Wide Guideline shall be a Wide provided the striker maintains a normal batting position and has not brought the ball within reach. If, in the opinion of the umpire, the striker has brought the ball within reach, the Off Side Wide Guideline shall be disregarded and the umpire shall apply a general interpretation consistent with the normal operation of Clause 22.

22.1.4 Any delivery that passes the striker outside the return crease shall be a Wide regardless of whether the striker has brought the ball within reach.

22.1.5 A delivery passing the striker's stumps on the leg side without any contact with the striker's bat or person shall be a Wide unless:

22.1.5.1 the ball passes between the striker and the stumps.

22.1.5.2 the striker moves toward the off side and, in the umpire's opinion, the ball would have made contact with the striker in a normal batting position.

22.1.5.3 the striker is attempting to play, or has aborted an attempt to play, a reverse sweep or switch hit. In this scenario only a delivery passing the striker outside the Off Side Wide Line on the leg side shall be a Wide.

A wicket keeper whilst keeping over the stumps must wear a helmet fitted with a grille at all times.

The calculation of the number of overs to be bowled shall be based on an average rate of 14.28 overs per hour (or one over for each whole 4.2 minutes) in the total time available for play.
- b) If the team fielding second fails to bowl the required numbers of overs by the scheduled or re-scheduled cessation time, the hours of play shall be extended until the overs have been bowled or a result achieved, whichever comes first.

 - ii) Using the total number of playing minutes that remain to the re-scheduled finish time that number shall be divided by four (4) to come up with the maximum number of overs that remain in the game.
 - iii) Where the team batting first has not completed its innings, the number of overs that remain shall be proportioned between the two teams so that both teams are allocated equal overs. The addition of one extra over to make the number equal is permitted.

The break between spells is to be a minimum of 30 minutes (including any interruptions to play).

A bowler who has bowled a spell of less than the maximum spell permitted for their age noted in the table above may resume bowling prior to the completion of the necessary break, but this will be considered an extension of the same spell and the maximum spell limit for that age of player shall still apply.

GAME 2 – LIMITED OVERS MATCHES - 40 OVERS A SIDE

LAW 14 THE FOLLOW ON

Law 14 shall not apply.

LAW 15 DECLARATION and FORFEITURE

Law 15 shall not apply.

LAW 16 THE RESULT

Law 16 shall apply subject to the following:

16.1 Determination of Winner

A result can be achieved only if both teams have had the opportunity of batting for at least 15 overs (preliminary matches), subject to the provisions of clause 13, unless one team has been dismissed in less than 15 overs or unless the team batting second scores enough runs to win in less than 15 overs. A match shall be a “draw” if both teams have not had the opportunity to bat for a minimum of 15 overs because:

- a) The innings of the team batting first could not commence by 4.14pm daylight saving time
- b) The innings of the team batting second could not commence by 5.27pm daylight saving time or,

GAME 2 – LIMITED OVERS MATCHES - 40 OVERS A SIDE

- c) The innings of the team batting second would be reduced to less than 15 overs, as a result of an interruption to play after its commencement.

In any match in which both teams have had the opportunity to bat for the same number of overs.

- d) The team scoring the higher number of runs is the winner.
- e) In any match in which both teams have had the opportunity to bat for a minimum of 15 overs, but have not had the opportunity to bat for the same number of overs, the result shall be determined by the Duckworth/Lewis/Stern (DLS) method.

16.2 Target Score

If, due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum of 15 overs), then a revised target score (to win) should be set for the number of overs which the team batting second will have the opportunity of facing. This revised target is to be calculated using the current DLS method. The target set will always be a whole number and one run less will constitute a Tie.

If the innings of the side batting second is suspended (with at least 15 overs) and it is not possible for the match to be resumed, the match will be decided by comparison with the DLS 'Par Score' determined at the instant of the suspension by the DLS method. If the score is equal to the par score, the match is a Tie. Otherwise the result is a win or loss by the margin of runs by which the score exceeds, or falls short of, the Par Score.

16.3 Competition Points

Points shall be awarded for results gained, as follows-

Result	Points
Win	6
Win with a run-rate one and two thirds ($1\frac{2}{3}$) times that of opposing team.	7
Tie	3
Draw or no result	1
Loss	0

The result of a match may be a tie on first innings regardless of the number of wickets lost by the team batting second.

- a) In order for the team batting first to gain one bonus point, it must achieve victory with a run-rate one and two thirds times that of the opposition.
- b) In order for the team batting second to gain one bonus point, the victory must be achieved by the end of the 30th over (or in a reduced overs match, it must bat for no more than 60% of its maximum number of overs).

GAME 2 – LIMITED OVERS MATCHES - 40 OVERS A SIDE

- c) Where matches are shortened and targets revised through the DLS method, bonus run-rates and bonus defensive targets are derived as a function of the revised target score and maximum overs.

16.4 Determining the Competition Winner - McDonald's Under 16 and Under 19 Female Country Championships

Teams ranked one and two will contest the McDonald's Under 16 and Under 19 Female Country Championships final. In the event that the final is unable to be played and sides are equal on points, the competition winner will be determined by:

- a) The team with the most number of wins, or if this is equal,
- b) With the best overall net run rate across all matches played.

LAW 17 THE OVER

21.1 Free hit after a No ball

The delivery following any No ball shall be a free hit for whichever batter is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of No ball or a Wide ball) then the next delivery will become a free hit for whichever batter is facing it.

For any free hit, the striker can be dismissed only under the circumstances that apply for a No ball, even if the delivery for the free hit is called Wide ball.

Field changes are not permitted for free hit deliveries unless:

- a) There is a change of striker (the provisions of clause 28 shall apply), or
- b) The No ball was the result of a fielding restriction breach, in which case the field may be changed only to the extent of correcting the breach.

For clarity, the bowler can change their mode of delivery for the free hit delivery.

The bowler's end umpire will signal a free hit by (after the normal No Ball signal) extending one arm straight upwards and moving it in a circular motion.

21.2 Ball Bouncing Over Head Height of Striker

See clause 22.4

LAW 22 WIDE BALL

Law 22 shall apply subject to the following:

22.1 Judging a Wide

22.1.1.1 the ball passes wide of where the striker is standing or has stood at any point after the ball came into play for that delivery, and which also would have passed wide of the striker standing in a normal batting position.

22.1.1.2 the ball passes above the head height of the striker standing upright at the popping crease.

22.1.2 The ball will be considered as passing wide of the striker unless it is sufficiently within reach for the striker to be able to hit it with the bat by means of a normal cricket stroke.

22.1.3 A delivery passing the striker on the off side outside the Off Side Wide Guideline shall be a Wide provided the striker maintains a normal batting position and has not brought the ball within reach. If, in the opinion of the umpire, the striker has brought the ball within

GAME 2 – LIMITED OVERS MATCHES - 40 OVERS A SIDE

reach, the Off Side Wide Guideline shall be disregarded and the umpire shall apply a general interpretation consistent with the normal operation of Clause 22.

22.1.4 Any delivery that passes the striker outside the return crease shall be a Wide regardless of whether the striker has brought the ball within reach.

22.1.5 A delivery passing the striker's stumps on the leg side without any contact with the striker's bat or person shall be a Wide unless:

22.1.5.1 the ball passes between the striker and the stumps.

22.1.5.2 the striker moves toward the off side and, in the umpire's opinion, the ball would have made contact with the striker in a normal batting position.

22.1.5.3 the striker is attempting to play, or has aborted an attempt to play, a reverse sweep or switch hit. In this scenario only a delivery passing the striker outside the Off Side Wide Line on the leg side shall be a Wide.

22.4 If the bowler bowls a ball, not being a No ball, the umpire shall adjudge it a Wide after pitching, if the ball passes above the head height of the striker standing upright at the popping crease.

Matches will be played at times determined by Country Committee of Management. Day matches will normally be scheduled between the hours of 9.00am and 6.00pm or as determined by the Country Committee of Management. All teams and match officials will be advised of these start and finish times. The innings time will be 80 minutes for the 20 overs, with a break of 15 minutes between innings.

12.2 Where approved, Day/Night matches will consist of 2 sessions of play, each of 80 minutes and with intervals equal to those set for day matches. Actual playing times shall be approved by Country Cricket NSW.

12.3 Country Cricket NSW reserves the right to amend the start and finish times, **structure and format** of all matches at any time.

12.4 Extra time

- a) In the event that there are two matches in one day, forty five (45) minutes of extra time is available per match where the start of play is delayed or play is suspended. Extra time is to be exhausted before any reduction to the interval or prescribed overs.
- b) In the event that there is only one match in a day, ninety (90) minutes of extra time is available where the start of play is delayed or play is suspended. Extra time is to be exhausted before any reduction to the interval or prescribed overs.
- c) Using Recouped Time - Further to clauses (a) and (b), should the innings of the team batting first have been completed prior to the scheduled, or re-scheduled time for the commencement of the change of innings interval, then any time not utilised in the first innings shall be added on top of the 45 or 90 minutes described in (a) and (b) above before overs are reduced.

12.5 Where the start of play is delayed up to 45 or 90 minutes, depending on the number of matches to be played in a day, no reduction in the number of overs to be bowled will be made. However, the above hours of play and intervals shall be adjusted accordingly by the Umpires, in consultation with the Match Referee when appropriate.

LAW 13 INNINGS

Law 13 shall apply subject to the following:

13.1 The Toss

Physical team sheets shall be used and be available for perusal at the toss. Prior to the toss each captain shall show the opposing captain and the umpires the team sheet for their team.

13.2 Uninterrupted match

- a) Each team shall bat for 20 (six-ball) overs unless all out earlier.
- b) If the team fielding first fails to bowl the required number of overs by the scheduled time for cessation of the session (80 minutes), play shall continue until the required number of overs has been bowled.
- c) Where the first innings goes over 80 minutes in duration the 15 minute innings break shall be reduced to no less than 10 minutes to absorb some or all of the extra time taken in the first innings to complete the overs.
- d) If the team fielding second fails to bowl its quota of overs in less than 80 minutes play shall continue until the overs are bowled or a result has been achieved, whichever comes first.

GAME 3 TWENTY20

- e) There are no over rate penalties in these competitions. Teams unable to maintain the required over rate of one over each four minutes shall be managed by the umpires utilising the provisions of Law 41.9 (Time Wasting).

13.3 Delayed or interrupted matches

- a) The object shall always be to rearrange the number of overs so that both teams have the opportunity of batting for the same number of overs. (Minimum 5 overs each team to constitute a match)

The calculation of the number of overs to be bowled shall be based on an average rate of 15 overs per hour (or one over for each whole four (4) minutes) in the total time available for play.

- b) If the team fielding second fails to bowl the required numbers of overs by the scheduled or re-scheduled cessation time, the hours of play shall be extended until the overs have been bowled or a result achieved, whichever comes first.
- c) The team batting second shall not bat for a greater number of overs than the first team unless the latter has been all out in less than the agreed number of overs.
- d) If an over recalculation comes up with a figure including a fraction then the calculation shall be rounded up to the nearest over.

13.4 Delay or Interruption to the Game – Over Reductions

- a) No overs shall be lost until 90 minutes of playing time has been lost (Refer To Playing Condition 12.4). Further to this, should the innings of the team batting first have been completed prior to the scheduled, or re-scheduled time for the commencement of the change of innings interval, then any time not utilised in the first innings shall be added on top of the 90 minutes described above before overs are reduced.
- b) Once all available make up time as described in clause (a) above has been exhausted overs remaining in the match shall be calculated as follows –
 - i) Upon resumption of play umpires are to establish the re-scheduled finish time and calculate the number of minutes remaining to that time also deducting the appropriate time for the change of innings if the team batting first has not yet completed its innings.
 - ii) Using the total number of playing minutes that remain to the re-scheduled finish time that number shall be divided by four (4) to come up with the maximum number of overs that remain in the game.
 - iii) Where the team batting first has not completed its innings, the number of overs that remain shall be proportioned between the two teams so that both teams are allocated equal overs. The addition of one extra over to make the number equal is permitted.

GAME 3 TWENTY20

- c) To constitute a match, a minimum of 5 overs have to be bowled to the team batting second subject to a result not being achieved earlier.
- d) The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs.

13.5 Number of Overs per Bowler

No bowler shall bowl more than four (4) overs in an innings. In a delayed or interrupted match where the overs are reduced for both teams or for the team bowling second, no bowler may bowl more than one-fifth of the total overs allowed. Where the total number of overs is not divisible by five (5), one additional over shall be allowed to the maximum number per bowler necessary to make up the balance. In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be bowled by another bowler. Such part of an over will count as a full over in so far as each bowler's limit is concerned.

13.6 Restrictions on Youth Bowlers

Restrictions apply to young bowlers of medium pace or faster in regard to the number of overs. The umpires shall determine if the bowling is fast or medium pace.

Length of Spells

AGE AT 31 AUGUST	MAXIMUM OVERS IN A SPELL	MAXIMUM OVERS IN A DAY'S PLAY
Under 19	8	20
Under 18	7	20
Under 17	6	16
Under 16	6	16
Under 15	5	12
Under 14	5	10
Under 13	4	8

REST PERIODS

The break between spells is to be a minimum of 30 minutes (including any interruptions to play).

A bowler who has bowled a spell of less than the maximum spell permitted for their age noted in the table above may resume bowling prior to the completion of the necessary break, but this will be considered an extension of the same spell and the maximum spell limit for that age of player shall still apply.

Change of Bowling Type

Where a bowler changes between medium pace or faster and spin/slow bowling during an innings-

- a) if the bowler begins with medium pace or faster, the bowler is subject to the Playing Condition throughout the day; and

GAME 3 TWENTY20

if the bowler begins with spin/slow bowling and changes to medium pace(or faster), the Playing Condition applies from the time of the change, and all overs of spin/slow bowling bowled prior to the change shall not be taken into account in either the current spell or the innings limit.

Bowling Workloads in Multi Day Carnivals for Medium Pace or Faster Style Bowlers

Four Day Carnivals

- Bowlers can bowl up to 10 overs a day on three (3) days of a four (4) day carnival.
- A bowler is not to bowl on three (3) consecutive days i.e. they MUST have a rest day.
- A bowling day is considered to be more than two overs in a day.

Examples of this may be:

- Bowl 10 overs a day on days 1, 2 and 4.
- Bowl 10 overs a day on days 1, 3 and 4.

LAW 14 THE FOLLOW ON

Law 14 shall not apply.

LAW 15 DECLARATION AND FORFEITURE

Law 15 shall not apply.

LAW 16 THE RESULT

Law 16 shall apply subject to the following:

16.1 Determination of Winner

Day Matches

A result can be achieved only if both teams have had the opportunity of batting for at least five (5) overs (preliminary matches), subject to the provisions of clause 13, unless one team has been all out in less than five (5) overs or unless the team batting second scores enough runs to win in less than five (5) overs. A match shall be a “no result” if both teams have not had the opportunity to bat for a minimum five (5) overs.

In any match in which both teams have had the opportunity to bat for the same number of overs.

- a) The team scoring the higher number of runs is the winner.
- b) In any match in which both teams have had the opportunity to bat for a minimum of five (5) overs, but have not had the opportunity to bat for the same number of overs, the result shall be determined by the Duckworth/Lewis/Stern (DLS) method.

Night Matches

A match shall be a “no result” if both teams have not had the opportunity to bat for a minimum 5 overs because:

- a) the innings of the team batting first could not commence within 55 minutes of the scheduled end of play,

- b) the innings of the team batting second could not commence within 20 minutes of the scheduled close of play,
- c) the innings of the team batting second would be reduced to less than five (5) overs, as a result of an interruption to play after its commencement.

16.2 Target Score

If, due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum of 5 overs), then a revised target score (to win) should be set for the number of overs which the team batting second will have the opportunity of facing. This revised target is to be calculated using the current DLS method. The target set will always be a whole number and one run less will constitute a Tie.

If the innings of the side batting second is suspended (with at least 5 overs having been bowled) and it is not possible for the match to be resumed, the match will be decided by comparison with the DLS 'Par Score' determined at the instant of the suspension by the DLS method. If the score is equal to the par score, the match is a Tie. Otherwise the result is a win or loss by the margin of runs by which the score exceeds, or falls short of, the Par Score.

16.3 Tie

If the scores are equal, the result shall be a tie, and a Super Over will occur to determine the winner. The procedure for a super over is listed below in clause 16.4.

16.4 Super Over

- (a) If a match is a tie, including by the DLS method, then the teams shall contest a 1 over per side Super Over.
- (b) Subject to the fitness of ground, weather and light, the Super Over shall commence five (5) minutes after the conclusion of the match, at the same ground and using the same pitch.
- (c) The umpires shall stand at the same end as they stood during the match.
- (d) In both innings of the Super Over, the fielding side shall choose which end to bowl from. Whilst neither team is required to nominate either the batters or bowler prior to each innings, once the opening batting pair enters the field of play they are not permitted to be changed. Similarly, once a determination is made by the bowling team as to which end they will bowl from and the opening batters take their respective positions at each end of the pitch, they are not permitted to change ends. For clarity, this playing condition is designed to ensure that the fielding side may determine its bowling strategies based on which batters are opening, and then the batters can choose ends based on the bowling strategies.
- (e) Only nominated players in the main match may participate in the Super Over.
- (f) Each team's over is played with the same fielding restrictions as apply for the last over in the match.

GAME 3 TWENTY20

- (g) The team batting second in the match will bat first in the Super Over.
- (h) The same ball used at the end of each team's innings in the match, or a similar ball if that ball is unsuitable for any reason, shall be used for its innings in the Super Over.
- (i) Each team shall bat for one over unless all out earlier. The number of batters is not restricted.
- (j) In the event of both teams having the same score following the completion of the Super Over, further Super Overs will be played until a result has been determined.
- (k) In the event that the Super Over process is unable to be completed due to the fitness of ground, weather and light, the result shall be a tie.

16.5 Competition points – McDonald's Country Colts, Bradman Cup, Plan B Country Bash (male and female)

Points shall be awarded for results gained, as follows:

Result	Points
Win	4
Tie	2
No result (match abandoned)	2
No result (match abandoned Plan B Regional Bash)	0
Loss	0

16.6 Competition points – McDonald's Under 16 and Under 19 Female Country Championships

Points shall be awarded for results gained, as follows:

Result	Points
Win	4
Tie	2
No result (match abandoned)	2
Loss	0

16.7 PBCB (female) - Partial Matches Abandoned

Regardless of the number of matches completed in the pool, the team with the highest competition points in the pool will advance to the PBCB Final. If sides are equal on points, then the team with the highest net run rate will progress to the PBCB Final. Matches will not be rescheduled.

16.8 PBCB (male and female) – All Matches Abandoned

If all matches are completely abandoned due to poor weather or any other factors, the sides to progress to the Final are those won the most matches in their respective pool last year.

GAME 3 TWENTY20

The Country Committee of Management will determine the leading teams in each pool prior to the commencement of the competition.

16.9 PBCB Final - Male and Female

The leading sides in the respective pools shall contest the respective PBCB Finals.

No Result in PBCB Final – Male and Female

If no result, or a tie, is achieved in the PBCB Grand Final, the two teams shall be declared joint premiers subject to clause 16.4 - Super Over.

LAW 17 THE OVER

Law 17 shall apply subject to the following.

17.1 Maximum Number of Balls in an Over – McDonald's Under 16 and Under 19 Female Country Championships

The over shall be capped at a maximum of eight (8) deliveries which includes all No Balls and Wides that maybe bowled within the over. This playing condition shall NOT apply to the scheduled final over of the innings. For this over six legal deliveries must be bowled.

LAW 18 SCORING RUNS

Law 18 shall apply.

LAW 19 BOUNDARIES

Law 19 shall apply subject to the following

19.1 Minimum Boundary Size

The minimum boundary size for all matches shall be 50 metres.

19.2 Maximum Boundary Size

The maximum boundary size for all matches shall be 70 metres for male matches and 60 metres for female matches.

19.3 Setting of Boundaries

Boundaries where possible should be positioned closer to the maximum distance rather than the minimum distance as defined above.

19.4 Setting of Boundaries – Safety Protocols

As a safety measure, all venues that are defined with a boundary fence shall have a boundary line, or boundary flags/cones/witches hats positioned at least 2.74 metres inside the fence or away from any other fixed object to define the boundary e.g. sightscreens on the field.

LAW 20 DEAD BALL

Law 20 shall apply.

LAW 21 NO BALL

Law 21 shall apply subject to the following:

21.1 Free hit after a No ball

The delivery following a No ball shall be a free hit for whichever batter is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of No ball or a Wide ball) then the next delivery will become a free hit for whichever batter is facing it.

For any free hit, the striker can be dismissed only under the circumstances that apply for a No ball, even if the delivery for the free hit is called Wide ball.

Field changes are not permitted for free hit deliveries unless:

- a) There is a change of striker (the provisions of clause 28 shall apply), or
- b) The No ball was the result of a fielding restriction breach, in which case the field may be changed only to the extent of correcting the breach.

For clarity, the bowler can change their mode of delivery for the free hit delivery.

The bowler's end umpire will signal a free hit by (after the normal No Ball signal) extending one arm straight upwards and moving it in a circular motion.

21.2 Ball bouncing over head height of striker

See clauses 22.4 and 41.1.

21.3 Free Hit Not To Apply

In female cricket where an over is capped at 8 deliveries (see clause 17.1) if the eighth ball of an over is a No Ball then the application of a free hit on the next delivery (which would be the first ball of the next over) shall NOT apply.

LAW 22 WIDE BALL

Law 22 shall apply subject to the following:

22.1 Judging a Wide

22.1.1 If the bowler bowls a ball, not being a No ball, the umpire shall adjudge it a Wide if, according to the definitions in 22.1.2:

22.1.1.1 the ball passes wide of where the striker is standing or has stood at any point after the ball came into play for that delivery, and which also would have passed wide of the striker standing in a normal batting position.

22.1.1.2 the ball passes above the head height of the striker standing upright at the popping crease.

22.1.2 The ball will be considered as passing wide of the striker unless it is sufficiently within reach for the striker to be able to hit it with the bat by means of a normal cricket stroke.

22.1.3 A delivery passing the striker on the off side outside the Off Side Wide Guideline shall be a Wide provided the striker maintains a normal batting position and has not brought

GAME 3 TWENTY20

the ball within reach. If, in the opinion of the umpire, the striker has brought the ball within reach, the Off Side Wide Guideline shall be disregarded and the umpire shall apply a general interpretation consistent with the normal operation of Clause 22.

22.1.4 Any delivery that passes the striker outside the return crease shall be a Wide regardless of whether the striker has brought the ball within reach.

22.1.5 A delivery passing the striker's stumps on the leg side without any contact with the striker's bat or person shall be a Wide unless:

22.1.5.1 the ball passes between the striker and the stumps.

22.1.5.2 the striker moves toward the off side and, in the umpire's opinion, the ball would have made contact with the striker in a normal batting position.

22.1.5.3 the striker is attempting to play, or has aborted an attempt to play, a reverse sweep or switch hit. In this scenario only a delivery passing the striker outside the Off Side Wide Line on the leg side shall be a Wide.

LAW 23 BYE AND LEG BYE

Law 23 shall apply.

LAW 24 FIELDER'S ABSENCE; SUBSTITUTES

Law 24 shall apply subject to the following:

24.1 Unlimited rotation without restriction shall apply to any person within the nominated 13 players as defined in Playing Condition 1.1. In the event of a player entering the field as a 14th player (sub fielder) the player leaving the field immediately is restricted as per the Laws of the Game (Refer MCC Laws 24.2 and 24.3).

LAW 25 BATTER'S INNINGS - RUNNERS

Law 25 shall apply with the addition of:

25.1 Open Age Players

At all times, batters must wear a helmet while batting against fast or medium paced bowling. The helmet is defined as a British Standard (BS7928:2013) helmet. The umpires shall determine if the bowling is fast or medium pace.

25.2 Under Age Players

Under age players must wear a helmet at all times when batting.

25.3 The umpires are responsible for ensuring that a helmet is worn when required by clause 25.1 but are not be responsible for ensuring that the helmet being worn by the batter is compliant with British Standard 7928:2013.

25.4 The umpires must not allow the match to continue during any period in which a batter fails to wear a helmet when required by this clause.

25.5 Runners

For clarity, runners ARE allowed for an injured striker in all competitions as per the laws of the game. The non allowance of runners is only applicable in first class cricket competitions.

LAW 26 PRACTICE ON THE FIELD

28.1 Open Age Players

28.2 Under Age Players (Under 19)

At all times when fielding in a position closer than ten (10) metres from the batter's position on the popping crease on a middle stump line (for example, short leg or silly point), with the exception of any fielding position behind the popping crease (on both the off and on sides), a fielder must wear a protector as well as a helmet fitted with a grille.

28.3 Limitation of On Side fielders

At the instant of the bowler's delivery, there may not be more than 5 fielders on the on side. In the event of infringement by any fielder, either umpire shall call and signal No Ball.

28.4 Restrictions on the placement of fielders

28.4.1 Fielding Circles

Two semi-circles shall be drawn on the field of play. The semi-circles shall have as their centre the middle stump at either end of the pitch. The radius of each of the semicircles shall be 27.5m for all male fixtures and 23m for all female fixtures. The ends of each semi-circle shall be joined to the other by a straight line.

28.4.2 At the instant of delivery

- a) During the first six (6) overs of each innings a maximum of two (2) fielders permitted outside the fielding restriction area; and

GAME 3 TWENTY20

- b) During the non-Fielding Restriction Overs: a maximum of five (5) fielders permitted outside the fielding restriction area in male cricket and four (4) fielders in female cricket.

28.5 In circumstances when the number of overs of the batting team is reduced, the number of overs within each Powerplay of the innings shall be reduced in accordance with the tables below. For the sake of clarity, it should be noted that the table shall apply to both the 1st and 2nd innings of the match.

- b) A fast short-pitched delivery is defined as a ball, which after pitching, passes or would have passed above the shoulder height of the striker standing upright at the crease.
- c) The umpire at the bowlers end shall advise the bowler and the batter on strike when each fast short pitched delivery has been bowled.
- d) In addition, for the purpose of this regulation and subject to (f) below, a ball that passes clearly above head height of the batter, that prevents them from being able to hit it with their bat by means of a normal cricket stroke shall be called and signalled "Wide".
- e) For the avoidance of doubt any fast short pitched delivery that is called a Wide under this playing condition shall also count as the one (1) allowable short pitched delivery for that over.
- f) In the event of a bowler bowling more than one fast short-pitched delivery in an over as defined in (b) above, the umpire at the bowlers end shall call and signal No ball on each occasion. A differential signal shall be used to signify a fast short pitched delivery. The umpire shall call and signal No ball and then tap the head with the other hand.
- g) If a bowler delivers a second fast short pitched ball in an over, the umpire, after the call of No ball and when the ball is dead, shall caution the bowler, inform the other umpire, the captain of the fielding side and the batters at the wicket of what has occurred. This caution shall apply throughout the innings.

GAME 3 TWENTY20

- h) If there is a second instance of the bowler being no balled in the innings for bowling more than one fast short pitched delivery in an over, the umpire shall repeat the procedure in (f) and (g) above and advise the bowler that this is his final warning for the innings.
- i) Should there be any further instance by the same bowler in that innings, the umpire shall call and signal No ball and when the ball is dead direct the captain to take the bowler off forth with. If necessary, the over shall be completed by another bowler, who shall neither have bowled the previous over, or part thereof, nor be allowed to bowl the next over, or part thereof.
- j) The bowler thus taken off shall not be allowed to bowl again in that innings.
- k) The umpire will report the occurrence to the other umpire, the batters at the wicket and as soon as possible to the captain of the batting side.
- l) The umpires will then report the matter to the Match Referee who shall take such action as is considered appropriate against the captain and the bowler concerned.

41.2 Bowling of High Full Pitched Balls

Law 41.7 applies with the following additional information

- a) As a guide, an official warning should only be given against a bowler for a high full toss delivery if the umpire answers YES to each of these questions –
 - i) Was the ball delivered full pitch above the waist of the striker.
 - ii) Was the delivered ball directed at the body of the striker.
 - iii) Whether or not the ball is struck by the batters, If the delivered ball had hit the striker in the body would it have potentially caused significant injury.

When assessing the above criteria umpires are required to take into the account the speed at which the ball was delivered.

It shall be the responsibility of the batting team to provide persons to move sight screens as required by the batters. In the event that this does not occur, the Umpire shall require play to continue without the sight screen being moved.
